

# Iris Care 101 - how to dig, divide, and properly care for your irises.

Why did my irises stop blooming?  
 How do I plant my new irises?  
 When should I transplant my irises?

These are just a few of the questions we will answer in our new series of classes.

Please plan to join us for these fun and educational classes. Register early as class sizes are limited and you do not want to be left out. Each 2 hour session is \$15. A full day (2 sessions, morning and afternoon on the same day) is just \$20.

You can register by email, but your space will not be reserved until payment is received.

A portion of the proceeds will be donated to the King County Iris Society
