- ⇒ Why did my irises stop blooming?
- ⇒ How do I plant my new irises?
- ⇒ When should I transplant my irises?

Join Patrick while he walks you through everything you need to know to grow beautiful, healthy irises. Tips covering the best cultural practices will be shared.

- ⇒ August 7 – We will cover all sizes of bearded iris.
- ⇒ September 17– We will cover all the major classes of beardless iris, and many of the minor ones as well. We will cover one or more of the crested irises, too!

These are hands-on classes where you will get to dig, divide, trim, and replant irises.

*Bring a lunch and join us for a picnic after the class is over.*
