# Iris 101 - The World of Irises

An introduction to the wonderful variety found in the world of irises

If you can attend only one of our classes this year, this is the one!

- ⇒ *Bearded Iris, Beardless Iris, or those unique Crested Iris?*
- ⇒ *The most modern hybrids, the Species as you could find them around the world, or something in-between?*
- ⇒ *Hybrids between completely unrelated species?*
- ⇒ *We will introduce you to them all!*

Learn the cultural requirements of each type of iris including light, water, soils, and pest control. Discover how to use irises to achieve year-round bloom in your garden. Tour the gardens with Patrick to get an in-depth look at the variety of irises available.
