# Iris 101 - Culture

How to dig, divide, and properly care for your irises

- ⇒ Why did my irises stop blooming?
- ⇒ How do I plant my new irises?
- ⇒ When should I transplant my irises?

Join Patrick while he walks you through everything you need to know to grow beautiful, healthy irises. Tips covering the best cultural practices will be shared.

- ⇒ August 10 – We will cover all sizes of bearded iris.
- ⇒ September 21 – We will cover all the major classes of beardless iris, and many of the minor ones as well. We will cover one or more of the crested irises, too!

*Bring a lunch and join us for a picnic after the class is over.*
